The Texas Medical Center is the largest medical center in the world, consisting of 42 member institutions, 2 medical schools, numerous hospitals and specialized patient facilities, and a large regional library. Over 100,000 thousand employees work in Medical Center.
PRIMARY TRAINING HOSPITALS

Ben Taub Hospital
Texas Children’s Pavilion for Women
Houston Methodist Hospital
Michael E. DeBakey VA Hospital
Baylor/St. Luke’s Hospital
Texas Children’s Hospital
The Woman’s Hospital of Texas
Vallbona Health Center is a Harris Health System Continuity Clinic

Located 7 miles from the Medical Center

Experience over all four years of residency with increasing patient responsibility

Diverse patient population
EDUCATIONAL ACTIVITIES

Resident Lecture Series
Grand Rounds
Journal Club
Morbidity and Mortality Conferences
Pre-operative Conferences
Maternal/Perinatal Conference
CREOG Review
Intern Lectures

Simulation Training
Ethics Lecture Series
Resident Research Day
CURRICULAR HIGHLIGHTS

Funding for National Meetings
Exposure to Fetal Intervention
Exposure to Women’s Mental Health
Quality Improvement Programs
International Electives
Research Electives
BCM residents have the option to rotate to international destinations during their PGY 3 elective month. Opportunities are currently available in Malawi, China or as arranged by the resident.
PGY 1 ROTATIONS

Labor and Delivery Days  
Labor and Delivery Nights  
Emergency Center  
Gynecology Clinic  
Gynecology Consult Days  
Gynecology Consult Nights  
Gynecology Oncology  
High Risk OB Clinic  
Medicine ICU  
OB Intake Days  
OB Intake Nights  
Ultrasound and Early Pregnancy Evaluation
Labor and Delivery Days (2 months)
Labor and Delivery Nights (2 months)
Maternal-Fetal Medicine (2 months)
Gynecologic Oncology (2 months)
Reproductive Endocrinology and Infertility
Gynecologic Surgery
OB/Gyn Surgery
Dysplasia
PGY 3 ROTATIONS

Labor and Delivery Days (2 months)
Labor and Delivery Nights (2 months)
Pediatric & Adolescent Gynecology
Gynecologic Surgery
  Inpatient (2 months)
  Outpatient (2 months)
Elective
Family Planning
Gynecology Clinic
High Risk OB Clinic
PGY 4 ROTATIONS

Labor and Delivery Days  High Risk OB Clinic
Labor and Delivery Nights  Gynecologic Oncology
Gynecologic Surgery (5 months)  Clinic Float
Gynecology Clinic  Surgery Float
FELLOWSHIP TRAINING

Many BCM OB/GYN residency graduates pursue fellowship training each year. Over the last two years, 100% of those who wished to pursue subspecialty training matched into a fellowship program.

2013 graduating class
MFM (1)
REI (2)
Pedi Gyn (1)
Oncology (1)
Family Planning (1)
Global Women’s Health (1)

2014 graduating class
REI (1)
Pedi Gyn (1)
Oncology (1)
Urogynecology (1)

BCM Obstetrics and Gynecology Fellowships

Global Women’s Health
Maternal-Fetal Medicine
Minimally Invasive Gynecologic Surgery
Pediatric and Adolescent Gynecology
Perinatal Surgery
Reproductive Endocrinology and Infertility
Many faculty are actively involved in research.

Opportunities exist for residents in bench, clinical, and educational research.

Current departmental research projects in all areas:

**Basic Science**

**Clinical Science**

**Education**
Residents must complete and present their research in the PGY 3 or PGY 4 year.

Residents receive formal guidance in research design, data analysis, and manuscript preparation.

Faculty mentoring.

Resident Research Committee
- Oversees resident progress
- Provides a time line
- Provides opportunity to apply for funding

50% of all research is presented at regional and national conferences.
Centrifugation Temperature Role in Sperm Intra-uterine Insemination Sampling Process: Kinetic Characteristics and functional Examinations

Establishing TEG and PFA-100 Reference Ranges in Healthy Pregnant Women

*In utero* Tobacco Exposure Epigenetically Modifies Placental Metabolic Gene Expression

Dysregulated Expression of Genes Involved in 5-hydroxy-methylation Conversion in Endometriosis

A Novel Small Molecule Inhibitor for Aurora A Kinase Inhibits the Growth and Metastasis of Cervical Cancer

Alterations in Expression of the Growth-related Imprinted Gene H19 in a Transgenerational Model of IUGR
Failure to Achieve Postpartum Sterilization: Contraceptive Outcomes

Antimullerian Hormone Levels are Inversely Associated with BMI in Women with PCOS

Effects of Routine Screening for Gonorrhea and Chlamydia Prior to Intrauterine Device Insertion

Atypical Antipsychotic Use in Pregnant Patients

Postoperative Outcomes after Continent versus Incontinent Urinary Diversion at the Time of Pelvic Exenteration for Gynecologic Malignancies
Cultivating the Complete Resident: A Competency-Based Ethics Curriculum for OB/Gyn Residents

Resident Confidence after Simulation Training in an Obstetrics and Gynecology Residency Program

Utilizing LC-CUSUM to Determine Resident Competency in the Performance of Fetal Biometry

Benefits of an Obstetrical Ultrasound Workshop Prior to the Intern Year

Perfection of Inexpensive Simulation Devices

Dr. Kilpatrick was named program director in July 2014.

He received his medical degree from the University of Texas Houston where he also completed his residency training.

Dr. Kilpatrick is board certified in Female Pelvic Medicine and Reconstructive Surgery.

He is currently earning his Masters of Education from the University of Houston.

His primary areas of interest are urogynecology and resident and medical student education.
Dr. Beasley received her medical degree from Baylor College of Medicine and is a former Baylor resident. She completed her Masters of Public Health and her fellowship in Family Planning at Columbia University. She joined the department in 2010.

Her primary interest is family planning.

Dr. Beasley was named Associate Program Director in July 2011.
Dr. Manisha Gandhi is a native of Houston and obtained her BA in Biochemistry from Rice University followed by medical school at the UT San Antonio. She completed her OB/Gyn residency and MFM fellowship at Mount Sinai Hospital in New York City, where she served as an administrative chief resident and was elected to the Alpha Omega Alpha medical honor society.

Dr. Gandhi joined the Baylor faculty in 2009. Her professional memberships include the Society of Maternal-Fetal Medicine, American College of Obstetrics and Gynecology, and American Institute of Ultrasound in Medicine.

Dr. Gandhi was named Associate Residency Program Director in July 2011.
Dr. Susan Ramin graduated with her medical degree from the University of Minnesota. She completed her OB/Gyn residency and fellowship in Maternal-Fetal Medicine from the University of Texas Southwestern. After completing her fellowship, she joined the UT Southwestern faculty where she served as the Director of the MFM fellowship program.

Dr. Ramin joined our faculty in October 2011 and currently serves as Vice Chairman for Education. Prior to joining our department, she was faculty at UT Houston where she most recently served as Chairman of the Department of OB/Gyn.

Her areas of interest include medical complications of pregnancy, labor analgesia, and clinical obstetrics.
Dr. Michael Belfort received his medical degree from the University of Witwaterstand Medical School (UWMS) in Johannesburg, South Africa and his medical degree from the University of Cape Town, South Africa. He completed residencies in Obstetrics and Gynecology at the University of Cape Town Medical School in South Africa and here at Baylor College of Medicine, where he also completed his fellowship in Maternal-Fetal Medicine.

Dr. Belfort joined the department as Chairman in January 2011. He is board certified in the United States, England, Canada and South Africa, has authored dozens of peer-reviewed journal articles and is a world-renowned Fetal Interventionist.
Interviews are scheduled to occur on the following dates:

November 5, 2014
November 19, 2014
December 3, 2014

Morning Session
7:30am - 1:30pm

Afternoon Session
11:00am - 5:15 pm
THE INTERVIEW DAY (MORNING SESSION)

7:30 am-7:45 am  Arrival
7:45 am-8:25 am  Introduction by Program Leadership
8:30 am-10:40 am Interviews (4 faculty/resident interviews)
10:45 am-11:10 am Panel Session with Residents
11:15 am-12:45 pm Tours (Ben Taub Hospital/Pavilion for Women)
12:45 pm-1:30 pm  Lunch
10:45 am-11:10 am  Arrival
11:15 am-12:45 pm  Tours (Ben Taub Hospital/Pavilion for Women)
12:45 pm-1:30 pm  Lunch
1:30 pm-2:10 pm  Introduction by Program Leadership
2:15 pm-4:25 pm  Interviews (4 faculty/resident interviews)
4:30 pm-5:15 pm  Panel Session with Residents
THANK YOU FOR YOUR INTEREST IN OUR RESIDENCY PROGRAM.

We look forward to seeing you at your interview.
