| September 18, 2014 | **Hana El Sahli, M.D.**  
Baylor College of Medicine  
Hosts: Drs. Wendy Keitel, Mary Estes | HIV Vaccine Development                      |
| September 25, 2014 | **Ruth M. Ruprecht, M.D., Ph.D.**  
Texas Biomedical Research Institute  
Hosts: Drs. Jason Kimata, Andy Rice | HIV Transmission and Vaccine Development     |
| October 2, 2014   | **Dennis Bente, DVM, Ph.D.**  
UT Medical Branch-Galveston  
Host: Dr. Rebecca Rico-Hesse | Filovirus pathogenesis and vaccines         |
| October 9, 2014   | **Michael S. Diamond, M.D., Ph.D.**  
Washington Univ. School of Medicine  
Host: Dr. Rebecca Rico-Hesse | Chikungunya Pathogenicity and Vaccines      |
| October 16, 2014  | **Ivan D’Orso, Ph.D.**  
UT Southwestern Medical Center  
Host: Dr. Andy Rice | HIV Gene Regulation                        |
| October 30, 2014  | **James E. Crowe, M.D.**  
Vanderbilt University  
Host: Dr. Wendy Keitel | Cell Biology of Virus Infection             |
| November 6, 2014  | **David Margolis, M.D.**  
University of N. Carolina at Chapel Hill  
Host: Dr. Andy Rice | HIV Molecular Biology and Virology          |
| November 13, 2014 | **HOLD**                                        |                                              |
| November 20, 2014 | **Georgia Tomaras, PhD.**  
Duke University  
Host: Dr. Hana El Sahli | Humoral Response to HIV Vaccines           |
| December 4, 2014  | **Laura Manuelidis, M.D.**  
Yale Medical School  
Host: Dr. Nadim Ajami | Neuropathology and Molecular Virology: CJD Agents & Disease |
| December 11, 2014 | **HOLD**                                        |                                              |
