Liaison Librarian Services

http://goo.gl/InSvPj

Our liaison librarians are available to assist you with your library needs:

- Serve as point of contact for library-related questions
- Provide instruction on accessing library resources and updates when new services and resources become available
- Work with you on your information needs and that of your institution
- Advocate for your needs within the library
- Provide orientation on library services and customized classes upon request
- Consult on literature search strategies and systematic reviews
- Instruct on database and literature searches, citation management, evidence-based practice and other knowledge management skills
- Help with search tools, broken links and other access issues
- Develop customized online learning tutorials and guides

(Use your QRReader on your mobile device to automatically be directed to our webpages)
