9TH ANNUAL CLINICAL RESEARCH SYMPOSIUM

"Research Today – On the Market Tomorrow: An Update in Clinical Research"
May 24, 2016 ■ 7:30 am – 4 pm
Denton A. Cooley Auditorium at the Texas Heart Institute
6720 Bertner Avenue, C-060A, Houston, Texas 77030

Keynote Address:
“From Invasive to Non-Invasive Treatments for Liver Cancers: What a Long and Strange Trip it has Been”

Steven A. Curley, M.D.
Professor of Surgery and Chief, Surgical Oncology, Baylor College of Medicine
Oncology Service Line Chief, CHI St. Luke’s Health

The symposium will feature current research at Baylor St. Luke’s as well as highlight investigational treatments including:

Clinical Research Highlights

- Insulin Resistance in Type 2 Diabetes: Metabolic and Clinical Correlates
- Cystic Fibrosis 2016 – Precision Medicine Defined
- Atrial Fibrillation: Ablative Therapy and Possible Role of Left Atrial Appendage in Persistent Atrial Fibrillation
- Parkinson’s Disease and Obsessive Compulsive Disorders- Multidisciplinary Treatment and Deep Brain Stimulation
- Community Outreach and Collective Responsibility for Prevention and Cardiac Risk Assessment in Women
- Acute Liver Failure and the Baylor Artificial Liver Program
- The Impact of Contemporary Continuous Flow Left Ventricular Assist Devices (LVADs) on Physiology

CHI St. Luke’s Health–Baylor St. Luke’s Medical Center is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.
