****HAM-TMC Library:** Go to <http://library.tmc.edu/> to create a library account. Access Medicine and Clinical Key have unlimited concurrent user licenses (there is no limit to the number of people who can access the books at once)

PPS - Recommendations will be discussed in PPS: Watch with second hand, Oto/Ophthalmoscope, Stethoscope, Reflex hammer, tuning fork, pen light, misc. supplies

Electronic Texts: Many publishers include supplementary material over the Internet. In addition, complete electronic versions of several of the required texts are available at <http://store.vitalsource.com/>.

You may use either the print or the electronic version. If you purchase the electronic version, take care that you get the correct (most recent) edition!

****A number of the required textbooks are now available for the iPad from Inkling (<http://www.inkling.com/>).** These electronic texts have interactive features that some students may find helpful, and in some cases, texts can be purchased chapter by chapter. The Inkling versions are optional and students should purchase texts that fit their own individual learning styles.

Book Type	Course ID	Book Title	ISBN	Author	Publisher	List Price		Notes	ERC Holdings	HAM-TMC Resources
