Dear Baylor Alumnus,

I am pleased to share the latest Alumni NewsLink with you. In this issue, you will hear from Peter Hotez, M.D., Ph.D. about the National School of Tropical Medicine at Baylor College of Medicine and learn more about our work with NASA, the new chair of psychiatry and the White Coat Ceremonies. Feel free to reach out to me at president@bcm.edu with any questions or comments.

Paul Klotman, M.D.
President & CEO
Executive Dean

NASA and Baylor team up to discover new ways to protect astronauts

Baylor College of Medicine's Center for Space Medicine received a $246 million grant to discover new ideas and conduct research benefiting astronauts on long-duration space flights. The NASA Transitional Research Institute opens October 1, and will be crucial in organizing Mars expeditions.
