TMC DDC WEEKLY GI RESEARCH FORUM

“Role of Gut Microbiota in the Health of Cancer and Stem Cell Transplant Patients”

A presentation by Andrew Koh, M.D., Ph.D.

Summary: Dr. Koh will discuss changes in gut microbiota in immunocompromised hosts modulate the development of invasive bacterial/fungal infections originating from the gut and the development of graft-versus-host-disease in stem cell transplantation recipients.

Dr. Koh is Assistant Professor, Pediatrics and Microbiology, and Director of Pediatric Hematopoietic Stem Cell Transplantation at the University of Texas Southwestern Medical Center

THURSDAY, NOV 3
4:00 PM
BAYLOR CAMPUS
DEBAKEY, M112
