MISSION

Baylor College of Medicine is a health sciences university that creates knowledge and applies science and discoveries to further education, healthcare and community service locally and globally.

VISION

Improving health through science, scholarship and innovation.

VALUES

Respect

- We promote and support diversity, inclusion and equity
- We value our colleagues and ourselves as the College's most valuable assets
- We earn the loyalty of those we serve through our commitment

Integrity

- Honesty, ethics and openness guide our interactions
- We encourage transparent analysis of our policies, process, procedures and decisions
- We are accountable for our actions

Innovation

- We lead through visionary innovation and creativity
- We foster a healthy culture of change
- We turn vision into action

Teamwork

- We form mutually beneficial partnerships to achieve results
- We look past ourselves to focus on the impact of our actions
- We recognize all who contribute to our work

Excellence

- We focus on quality and value
- We commit to continuous quality improvement for outstanding outcomes
- We are effective and efficient

PHILANTHROPY ▼

At Baylor College of Medicine, philanthropy speeds innovations in healthcare, research and education to our local and global communities and improves awareness about diseases that affect us all. We receive and steward about 9,500 gifts every year. More than 1,000 alumni from the College's four schools participate in events or giving every year. The Partnership for Baylor College of Medicine is our largest volunteer organization with more than 700 members. Other donors support Baylor activities to fight breast cancer, to learn more about aging comfortably, to consider medical ethics and health policy and more.

In 2016, the College raised more than \$57 million and received the Association for Healthcare Philanthropy's prestigious High Performer Award. Additionally, we have been a Better Business Bureau-accredited charity since 2013.

EDUCATION ▼

Baylor College of Medicine educates healthcare providers and scientists in a diverse array of programs considered among the elite in the world.

Degree programs at Baylor include:

- M.D. program
- Dual degree programs (M.D. plus Ph.D., M.B.A., M.P.H., or J.D.)
- 12 Ph.D. programs
- A doctoral program in nurse anesthesia
- A physician assistant program
- An orthotics and prosthetics program

A diploma course in tropical medicine prepares individuals interested in this growing field for certification.

The College has more than 80 clinical postdoctoral training programs accredited by the Accreditation Council of Graduate Medical Education and 40 approved by the Texas Medical Board, as well as postdoctoral training programs for researchers.

Practicing physicians throughout the Texas Medical Center and from around the world participate in our continuing medical education programs, including many free online offerings.

HEALTHCARE ▼

Patients are at the heart of everything we do.

To us, that means offering cutting-edge diagnosis and treatments in a compassionate manner that respects our patients. Our patients have access to the latest advances in medicine thanks to close collaborations with Baylor's leading scientists.

Baylor's private adult practices include many physicians who are national and international experts, offering an incredible array of services from primary care to highly specialized areas of expertise within our clinics on the McNair Campus, at the Baylor Clinic and at locations throughout Houston.

Our primary private adult teaching hospital is Baylor St. Luke's Medical Center in the Texas Medical Center, which is a part of CHI St. Luke's Health. Baylor physicians and trainees also care for patients at:

- Ben Taub Hospital
- Children's Hospital of San Antonio
- Memorial Hermann - The Institute for Rehabilitation and Research
- The Menninger Clinic
- Michael E. DeBakey Veterans Affairs Medical Center
- Texas Children's Hospital
- The University of Texas MD Anderson Cancer Center

RESEARCH ▼

Baylor College of Medicine received \$426 million in total funding from 2,409 sponsored project awards in fiscal year 2016.

The scale of Baylor's research enterprise; the exceptional caliber of faculty we attract; and the richness of biomedical research resources within the Texas Medical Center support creativity, innovation and discovery.

7 DEPARTMENTS RANK IN THE **TOP 20** IN RESEARCH FUNDING FROM NIH, INCLUDING A **#1 RANKING IN GENETICS**, WHICH HAS HELD THIS POSITION SINCE 2011.

OUR FACULTY INCLUDES

9 MEMBERS OF THE NATIONAL ACADEMY OF SCIENCE

13 MEMBERS OF THE NATIONAL ACADEMY OF MEDICINE

12 FELLOWS OF THE AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE

43 INDIVIDUALS WITH NIH CAREER DEVELOPMENT AWARDS

COMMUNITY ▼

Baylor College of Medicine partners with local leaders to serve the communities of Houston and the world through:

Innovative **healthcare delivery models** such as the:
Baylor Pediatric AIDS Initiative at Texas Children's Hospital
Baylor Global Initiatives
Healthcare for the Homeless
Houston Shoulder to Shoulder
Community Health Clinics
School-Based Clinics
Teen Health Clinics

Research designed to develop new approaches to prevention, diagnosis and treatment that fulfill specific community needs, including:

Center for Medical Ethics and Health Policy
Children's Nutrition Research Center
National School of Tropical Medicine
Office of Outreach and Health Disparities of the Dan L Duncan Comprehensive Cancer Center
Undiagnosed Diseases Network

Education outreach programs that help every student to achieve his or her full potential, including:

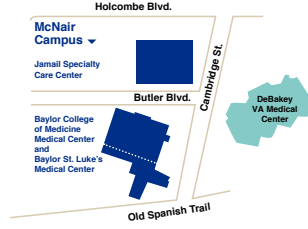

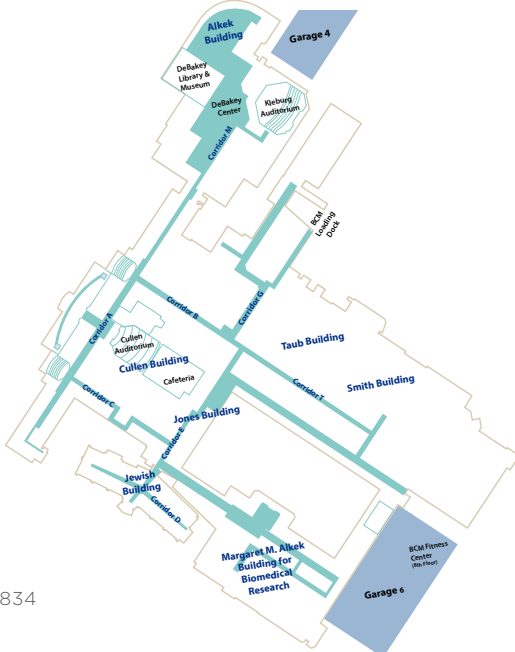

2 middle schools
3 B.S./M.D. Programs
8 high schools
BioEd Online
Teacher professional development programs
Programs designed to promote diversity in medicine and biomedical research
