Co-Chief Resident, Menninger Department of Psychiatry
Baylor College of Medicine

Amy Vyas, M.D.
Chief Resident,
Child and Adolescent Psychiatry Fellow, Second Year
Menninger Department of Psychiatry
Baylor College of Medicine
Houston, Texas

Objectives: At the conclusion of Grand Rounds, participants should be able to:

- set short term and long term goals in academic psychiatry;
- develop topics of interest;
- identify characteristics essential for developmental progression as a resident clinician educator;
- identify challenges in teaching learners of different professions and levels of training.
Mental Health Issues Among Persons Living with HIV/AIDS and the Development of a Brief Psychological Treatment

Chad Brandt, Ph.D.
Psychology Intern
Menninger Department of Psychiatry
Baylor College of Medicine
Houston, Texas

Objectives: At the conclusion of Grand Rounds, participants should be able to:
• identify reason for mental health issues among persons living with HIV/AIDS;
• distinguish between anxiety and depression among persons living with HIV/AIDS;
• evaluate psychological treatment options for persons living with HIV/AIDS.

This concludes the Grand Rounds series for this academic year. Grand Rounds will resume September 6, 2017. Have a safe, happy, and productive summer.
