HEALTH CARE CHOICES & COSTS

Baylor College of Medicine’s Comprehensive Medical Plan offers three medical options, each administered by UnitedHealthcare (UHC) and use the Choice or Choice Plus network of health care providers. Baylor offers an enhanced custom network made up of certain Baylor/CHI St. Luke’s physicians (BSLMG) and facilities. This enhanced BSLMG network provides lower copays and higher coinsurance levels. A list of participants is located on the Human Resources - Benefits intranet page. The Affordable Care Act requires a social security number for ALL dependents enrolled in the medical plans offered by BCM.

**Premium PPO Option See rates in teal in table below**

- The Premium PPO option utilizes a network of physicians at negotiated rates. You can go to any physician or medical facility for services in the Premium PPO regardless of whether they are in or out-of-network. Your annual deductible, co-payment levels, and annual out-of-pocket maximum will be affected by whether or not you use a network physician or medical facility.
- Medical and prescription drug copays, coinsurance and deductible payments apply toward the out-of-pocket maximum. For example, if you are required to pay 20% of the network medical expense, that dollar amount will go toward satisfying your annual out-of-pocket maximum.

**Value EPO Option See rates in blue in table below**

- The Value EPO Option provides coverage for only those expenses provided exclusively by BSLMG or Choice network providers. If you seek treatment from an out-of-network provider, no benefits will be paid (unless it is a life threatening emergency).
- There is a deductible if you use a network facility or hospital. The deductible does not apply to physician office visits; however, a copay is required.
- Medical and prescription drug copays, coinsurance and deductible payments apply toward the out-of-pocket maximum. For example, if you pay 25% of the network medical expense, that dollar amount will go toward satisfying your annual out-of-pocket maximum.

**Health&Savings PPO See rates in magenta in table below**

- The Health&Savings PPO option utilizes a network of physicians at negotiated rates. You can go to any physician or medical facility that services the Health&Savings PPO regardless of whether they are in or out-of-network. Your annual deductible and annual out-of-pocket maximum will be affected by whether or not you use network providers.
- This option is a high deductible health plan (HDHP) and you must satisfy your deductible before plan payments begin, including prescription drugs.
- All participants in the Health&Savings PPO Option are eligible to open a Health Savings account (HSA). The HSA is a personal bank account and it is the responsibility of the account holder to manage their eligibility to contribute to the HSA.
- HSA deductions are made pre-tax from payroll, grow tax-free and are distributed tax free. Your HSA balance carries forward from year to year.
- You are not eligible to contribute to an HSA at any time that you: are enrolled in any part of Medicare (including Part A, which is automatic with Social Security retirement income benefits) 
receive Veterans Administration (VA) benefits within the past three months
receive health benefits under TRICARE
- can be claimed as a dependent on another person’s tax return
- can have medical expenses reimbursed under your or your spouse’s healthcare Flexible Spending Account (FSA)

Please refer to the Medical and Prescription Summary Plan Description and Summary of Benefit Coverage documents for detailed information regarding expenses covered under Baylor Comprehensive Medial Plan. Documents can be found on the Human Resources - Benefits Intranet page.

**Flexible Spending Accounts (FSAs)**

UnitedHealthcare is the administrator for FSAs. FSAs are subject to Internal Revenue Service rules and regulations. You must plan carefully when using a FSA because if you don’t use the money in your FSA, you lose it. Expenses must be incurred in 2018 and you have until March 31, 2019 to file for reimbursement. When submitting a FSA claim for reimbursement, keep proof of claim submission including fax confirmation sheet or proof of mailing from the U.S. Postal Service.

**Health Care FSA**

- Not required to be enrolled in a medical plan to participate. If enrolled in a medical plan, however, must not be enrolled in a high-deductible plan, such as, the Health&Savings PPO.
- Set money aside before federal income and FICA taxes are withheld for reimbursement of out-of-pocket health care expenses not covered by a medical, dental, and/or vision plan.
- Health Care FSA maximum of $2,650 on a pre-tax basis.
- Some eligible FSA expenses include your deductible, adult or children’s orthodontics, Lasik surgery, copays for office visits or prescription drugs, and certain over-the-counter drugs as defined in the Patient Protection and Affordable Care Act.
- Automatic reimbursement for Health Care FSA expenses is not available on ESS. After you’ve made your initial contribution, you must log onto www.welcometouhc.com/bcm and enroll for automatic reimbursement.

**Dependent Care FSA**

- Set money aside before federal income and FICA taxes are withheld for reimbursement of child care and elder care expenses.
- Dependent Care FSA maximum is $5,000 per family on a pre-tax basis.
- To be eligible for Dependent Care FSA reimbursement, you must be dependent upon a care provider in order to go to work.

**Health Care Spending Card** (also used for Dependent Care expenses, if applicable)

The Health Care Spending Card is a financial debit card linked to your Health Care or Dependent Care Flexible Spending Account (FSA). It is provided to all employees participating in the Health Care or Dependent Care FSA. Use your card to quickly and conveniently draw from your tax-advantaged FSA account(s) to pay for eligible expenses such as expenses at the doctor’s office, copays for prescription drugs and emergency room, deductibles for medical and dental, vision care copays, and some dependent care facilities.

**FSA AND HSA CHOICES**
**401(a) Retirement Plan (Faculty/Staff)**

BCM funds the 401(a) Retirement Plan as a core benefit for employees who are eligible for benefits. Your participation in this plan and the amount funded is based on your base annual salary including applicable fee income. - The HSA account belongs to you, so you decide how to spend it.
- Money left in your account carries over from year to year.
- The HSA account is yours even if you leave BCM or retire.
- You can withdraw money tax-free for qualified health expenses if you meet the eligibility requirements.
- If you participate in the Health&Savings PPO and the HSA affiliated with BCM, BCM will contribute $600 to employees with single coverage and $1,200 for those with dependent coverage. (Amount prorated based on enrollment in both the Health&Savings PPO and HSA).

**RETIREMENT**

**401(a) Retirement Plan (Faculty/Staff)**

BCM funds the 401(a) Retirement Plan as a core benefit for employees who are eligible for benefits. Your participation in this plan and the amount funded is based on your base annual salary including applicable fee income. You may invest this retirement contribution with Fidelity Investments and/or TIAA. After three years of service with BCM, you are 100% vested in your 401(a) account balance.

Since you are automatically enrolled in the 401(a) Plan, an account is set up in your name. The BCM contribution is 8% of your base annual salary up to $275,000. Postdoctoral Appointments are not eligible for the 401(a) Retirement plan.

**403(b) Tax-Deferred Investment Plan**

You are automatically enrolled at 3% of your salary in this voluntary plan that allows you to save for retirement on a tax-deferred basis. You may invest your contributions with Fidelity Investments and/or TIAA and may increase/decrease contribution at anytime.

You decide whether or not to continue participation in the 403(b) Tax-Deferred Investment Plan. This plan allows you to contribute a percentage (up the maximum allowed by the law) of your base annual salary on a pre-tax basis to help you save for retirement. Contributions are taken before you are taxed (federal income taxes), and your savings and investment earnings grow tax-free until you request a distribution of your funds.

You are always 100% vested in the money that you contribute to the 403(b) plan. The full value of your 403(b) Tax-Deferred Investment Plan account balance is payable when you retire, if you become disabled or die before retirement, or when you terminate your employment.

**457(b) Deferred Compensation Plan**

If you meet the eligibility requirements set forth by the College, you may be eligible to participate in the 457(b) Plan. This plan allows you to defer compensation in addition to the 403(b) Tax-Deferred Investment Plan, up to contribution limits that are established by the Internal Revenue Service. Your contributions can be invested with Fidelity Investments and/or TIAA.

**THINKING ABOUT RETIRING?**

**BCM’s Emeriti Plan Has You Covered**

The Emeriti Plan provides group retiree health insurance and a tax-advantaged reimbursement benefit for eligible employees and their dependents. For more information, contact Emeriti at 1.866.363.7484, Option #2, or contact the BCM Retirement Team at ask-retirement@bcm.edu.
SUPPLEMENTAL LIFE INSURANCE CHOICES

Supplemental Life Insurance (New Hire)
See rates in teal in table below
Life insurance coverage in addition to the Basic Life insurance benefit provided by BCM at no cost to you (two times your base annual salary to a maximum of $500,000).
- Choices are 1x, 2x, 3x, or 4x your base annual salary including applicable fee income up to a maximum of $500,000.
- Cost is based on your age.
- Rates are based on monthly cost per $1,000 of coverage with a $500,000 maximum (or $1 million maximum benefit when combined with Basic Life).
- These premiums are not subject to pre-tax treatment.
- Premiums may increase and coverage level may change during the calendar year due to change in age or salary.

Example: If you earn $40,000 and are 37 years of age and you elect Supplemental Life coverage at two times your base annual salary, your amount of supplemental coverage is $80,000 and your age factor is $.054 per $1,000 of coverage. Divide $80,000 by 1,000 and multiply the result by $.054 to calculate your monthly premium.

($40,000 × 2 = $80,000 ÷ 1,000 = 80 × $.054 = $4.32/mo.)

I began my wellness journey 3 years ago. Initially, I wanted to make a change for health reasons, so my family and I started by changing the way we eat at home. Soon I started to notice my weight creeping down, which was a very pleasant surprise. When I started with BCM BeWell around the same time I was happy that I could track my fitness and steps using the interactive wellness portal, not so much for the competition, but it helped me become more aware of my progress and activity throughout the day. It gave me a quiet way to begin to add in exercise and earn incentives along the way.

Because of the lack of cartilage in my knees I do mostly non-weight bearing exercise. I do some form of strength training or cardio for 30 minutes, 7 days per week. Part of my story is the commitment to find what works, what is sustainable, with the challenges each of us brings. Some are fit enough that exercise seems less challenging and some of us are doing this from a more challenging starting place. What is important is I have found something that works and is sustainable for me, and am enjoying the success. That mindset can translate to physical disability, work schedules, family obligations, etc.

It could be said I should have done this 30 years ago but I am grateful that I am able to do what I am doing today. I decided to be dedicated to myself and I have lost 100 pounds as of my 65th birthday on April, 4 2017. I feel great and am excited to share my success with the Baylor community. Thank you to BCM BeWell for being there for me along the way.
