Implementing the Coordinated Anxiety Learning and Management (CALM) Protocol in VA Community-Based Outpatient Clinics

Michael A. Cucciare, PhD
Associate Professor
Department of Psychiatry and Behavioral Sciences
University of Arkansas for Medical Sciences

Objective: At the conclusion of this session, participants should be able to:

- Recognize the clinical challenges facing VA community-based outpatient clinics and how technology may help improve clinical care in these settings.
- Identify an iterative method for adapting technology-based mental health interventions for new clinical settings.
- Identify an evidence-based process for implementing mental health interventions into large healthcare systems.

*PLEASE NOTE DIFFERENT LOCATION - Alkek Building, 3rd Floor, N-315*

New Insights into Psychiatric Drug Actions

Bryan L. Roth, M.D., Ph.D.
Michael Hooker Distinguished Professor
University of North Carolina Chapel Hill Medical School

Objective: At the conclusion of this session, participants should be able to:

- Discuss the new technologies being developed to decipher neuropsychiatric drug action.
- Elaborate how these technologies can be applied to design safer and more effective medications.
- Discuss new discoveries related to neuropsychiatric drug action at the molecular level.

*PLEASE NOTE THIS WILL BE IN ROOM N-315*

HAPPY THANKSGIVING

November 28, 2018  TBA

Target Audience, Needs, Educational Methods, Activity Evaluation: Physicians, residents, fellows, and healthcare professionals from a variety of disciplines need to be updated in a wide variety of topic areas which address all aspects of psychiatric practice including psychopharmacology, psychodynamic psychotherapy, ethics in psychiatric practice, and the treatment of select patient population. This activity aims to address the continuing interest of mental health practitioners in contemporary thinking and research regarding a wide variety of clinical issues confronted in clinical practice. Given the continuous expansion of the understanding of the biological mechanisms for some psychiatric illnesses, all mental health professionals’ educational needs are well served by ongoing exposure to the latest clinical research. Educational methods will include lectures, case presentations, audio/video presentations, panel discussions, and question & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Menninger Department of Psychiatry and Behavioral Sciences, Baylor College of Medicine, (License Number: 4066) is approved as a provider of continuing education in Social Work by the Texas State Board of Social Worker Examiners. This activity has been approved for .1 CEU.

This series is broadcast to The Menninger Clinic, Classroom(s): 5128 & 5130, Texas Children’s Hospital, Psychiatry Department, Conference Room # S.200.10, and the Harris Health System – Ben Taub Hospital, Conference Room: 2.133, NPC, 2nd Floor
