Co-provided by Baylor College of Medicine and The Menninger Clinic

June 2018 • 10:30-11:30 am
Baylor College of Medicine, McNair Campus, Bobby R. Alford Educational Center, Room MCHA-AEC-A and B

June 6, 2018
Solid Organ Transplant: Mental Health Clinicians’ Roles and Dilemmas

Mauro A. Garcia-Altieri, M.D.
Assistant Professor, Menninger Department of Psychiatry
Michael E. DeBakey VA Medical Center

Shiquina L. Andrews, Ph.D., Medical/Clinical Psychology
Assistant Professor, Menninger Department of Psychiatry
Michael E. DeBakey VA Medical Center and Baylor College of Medicine
Houston, Texas

Objectives: At the conclusion of this activity, participants should be able to:
- Discuss key aspects of the psychosocial evaluation of solid organ transplant candidates.
- Describe the continuum of the transplant process and specific psychosomatic issues that arise during each phase.
- Identify the role of the mental health clinicians within the transplant interdisciplinary team.
- Discuss ethical conflicts that mental health clinicians may face through case discussions.

This activity has been designated by Baylor College of Medicine for 1 credit of education in medical ethics and/or professional responsibility.

NOTE: The Resident Teaching Award will be presented at today’s Grand Rounds

June 13, 2018
Trauma and Its consequences through the Lens of the Hunger Games

Ali Abbas Asghar-Ali, M.D.
Associate Professor, Menninger Department of Psychiatry
Baylor College of Medicine

Cynthia Conner, LCSW
Instructor, Psychiatry AMS
Baylor College of Medicine

Jason Witmer, MS (MD expected May 29, 2018)
Medical Student, Future BCM Psychiatry Resident
Baylor College of Medicine
Houston, Texas

Objectives: At the conclusion of Grand Rounds, participants should be able to:
- Describe the impact of war on the mental health of survivors.
- Recognize the psychiatric manifestations of traumatic experiences in the central characters of the Hunger Games Trilogy.
- Identify the roles played by resilience and posttraumatic growth in the aftermath of a traumatic experience.

SEE OTHER SIDE
Anxiety and Smoking in Epilepsy: Improving Awareness and Treatment of Behavioral Health Issues in Neurological Conditions

Adrienne L. Johnson, M.A.
Psychology Intern
Menninger Department of Psychiatry
Baylor College of Medicine
Houston, Texas

Objectives: At the conclusion of Grand Rounds, participants should be able to:
- Describe the relationship between cigarette smoking and epilepsy.
- Evaluate the relationship between panic psychopathology and epilepsy.
- Identify key gaps in this area of research and potential future directions for treating this complex population.

This concludes the Grand Rounds series for this academic year.
Grand Rounds will resume September 5, 2018.
Have a safe, happy, and productive summer.

Target Audience, Needs, Educational Methods, Activity Evaluation: Physicians, residents, fellows, and healthcare professionals from a variety of disciplines need to be updated in a wide variety of topic areas which address all aspects of psychiatric practice including psychopharmacology, psychodynamic psychotherapy, ethics in psychiatric practice, and the treatment of select patient population. This activity aims to address the continuing interest of mental health practitioners in contemporary thinking and research regarding a wide variety of clinical issues confronted in clinical practice. Given the continuous expansion of the understanding of the biological mechanisms for some psychiatric illnesses, all mental health professionals’ educational needs are well served by ongoing exposure to the latest clinical research. Educational methods will include lectures, case presentations, audio/video presentations, panel discussions, and question & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Menninger Department of Psychiatry and Behavioral Sciences, Baylor College of Medicine, (License Number: 4066) is approved as a provider of continuing education in Social Work by the Texas State Board of Social Worker Examiners. This activity has been approved for .1 CEU.
