Baylor College of Medicine

Menninger Department of Psychiatry and Behavioral Sciences Grand Rounds

Co-provided by Baylor College of Medicine and The Menninger Clinic

Wednesday, November 28, 2018
10:30 – 11:30 AM

Baylor College of Medicine, McNair Campus
Bobby R. Alford Educational Center, Room MCHA-AEC-A and B

Andy Keller, PhD
President and CEO
Meadows Mental Health Policy Institute

The System Is Broken:
Creating Integrated Adult and Children’s Mental Health Systems

Objectives: At the conclusion of the session, the participants should be able to:

- Distinguish between how current health care delivery systems organize care for mental health versus other physical health conditions.
- Identify the cost-drivers and economic conditions that drove the current design and that now necessitate change.
- Identify the policy changes that have been made to date in Texas and that still need to be made in order to promote better integrated and more effective behavioral health care.

Target Audience and Needs: Physicians, residents, fellows, nurses, social workers, and healthcare professionals from a variety of disciplines need to be updated in a wide variety of topic areas which address all aspects of psychiatric practice including psychopharmacology, psychodynamic psychotherapy, ethics in psychiatric practice, and the treatment of select patient population.

Educational Methods: Educational methods will include lectures, case presentations, literature review, and panel discussion.

Activity Evaluation: Participants will be asked to complete a session evaluation.

Accreditation/Credit Designation: Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
